**Objective**:

     Design and Implement a Database System will built-in Analytics, as well as a Forum.
     Provide Civic-Story with the tools needed to analyze growth, as well as capitalize on this information.

Approach:

Modify industry-standard Database for news sites to meet the objectives, and doing this by:
1. Research and Brainstorm options.
2. Create a possible solution.
3. Collect data and analyze growth.
4. Test all values to confirm all is working.

Milestones:

Database Model,	03/07/2020
Design,	03/22/2020
Implementation,	04/05/2020
UI,	04/26/2020
Final Design,	05/03/2020
